

REMARKS

Amendment to the Specification

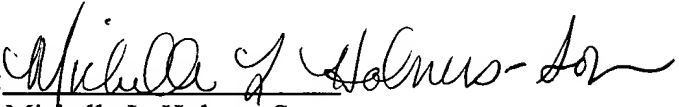

The specification is amended to delete the disclosure that Figure 1 has subparts "A" and "B," and that Figure 1 contains a depiction of pCAR expression vectors. The amendment is supported by originally filed Figure 1 and amended Figure 1, neither of which includes "1A," "1B," or PMS2 expression vectors.

Drawings Inconsistency

The amendment to the specification corrects the inconsistency between the drawings and the specification noted in the communication from the Patent Office.
